Financial Statements.

The following mining companies report cash on hand May 1st as follows: Alta, \$8,739 40; Alpha, \$11,924 40; Benton Com., \$11,231 11; Crown Point, \$21,922 85; Chollar, \$5,039 24; Exchange, \$9,652 43; Gould & Curry, \$948 72; Hale & Norcross, \$10,340 01; Justice, \$6,900 56; Lady Washington, \$1,685 76; Mexican, \$15,804; Ophir, \$39,145; Potosi, \$2,488 78; Sierra Nevada, \$23,620 74; Utah, \$2,641 91; Union Com., \$35,088 37; Yellow Jacket, \$80,000. The following companies had an indebtedness May 1st: Belcher, \$25,000; Best & Belcher, \$21,422 07; California, \$50,090; Savage, \$30,516 44.

The Bullion Tax Fees.

Judge Rising last Wednesday afternoon heard the petitions of ex-District Attorneys Drake and Harris, of Storey, each of whom contends that he is entitled to the \$4,800 86 paid in on account of costs in the bullion tax penalties. It was ordered that \$630 86 be paid into the County Treasury to reimburse the county for costs, that \$1,670 be paid to Mr. Drake and \$2,500 to Mr. Harris. Each and all of the parties excepted to the Court's ruling and ten days' stay of proceedings was granted except as to the \$630 86 due the county, which was ordered paid over forthwith.

Wheat Going East.

The Winnemucca Silver State notices that large quantities of California wheat continue to be shipped East by rail. California labors under a great disadvantage as a wheat producing country, compared with the Mississippi Valley, when it has to pay for transportation from Sacramento to Chicago to compete with Illinois in the market.

The re-organization of the personnel of the Central Pacific Railroad management was completed Thursday. The active management of the business of the road will hereafter be under the charge of the following gentlemen: A. N. Towne, general manager of the Central Pacific railway system; S. A. Fillmore, general superintendent, vice A. N. Towne, promoted; R. H. Pratt, assistant general superintendent, vice Fillmore, promoted; J. C. Stubbs, general traffic manager; Richard Gray, general freight agent, vice Stubbs, promoted. Following the example of the large Eastern corporations, the Central Pacific propose to invest their chief executive officer with the title of General Manager. It is understood that hereafter Governor Stanford will not longer trouble himself with the details of the company's affairs, those duties to hereafter devolve on the General Manager.

The Virginia Chronicle says a movement of the County Commissioners in the way of retrenchment will be to pass an order that Storey county shall have but one Justice of the Peace and one Constable, District Attorney Hiles being now engaged in drafting the necessary resolutions to accomplish that end. This provision will take effect at the expiration of the terms of the present officer. The saving to the county will amount to about \$7,500 a year. The Chronicle suggested this action something like a year and a half ago.

Hon. A. J. Lockwood, of Ormsby county, died in Carson yesterday morning. Mr. L. was a member of the Constitutional Convention that created Nevada a State, and was elected to the first Legislature as Senator, worthily filling the position in 1864, 1865 and 1866. In 1870 deceased was elected to the lower house of the Nevada Legislature, and in 1872 to the Senate, in which he served creditably to himself and to the interest of the State in the sessions of 1873 and 1875.

The business of the Chicago post office has gained enormous proportions. Last month there were 221 letter carriers employed, who made in the aggregate 449 trips and delivered over 3,000,000 letters, nearly 100,000 postal cards and over 100,000,000 newspapers, and collected 3,597,463 letters, 928,313 postal cards and 84,824 newspapers.

It is reported that Senator Hill, of Georgia, has sent in his resignation to the Governor and that Senator Brown contemplates resigning. Bad health is the cause. It is said ex-Senator Gordon will be appointed to any vacancy.

Chief Justice Appleton, of Maine, has decided that a Masonic Lodge is not a charitable or benevolent institution, in the meaning of the statutes, and that its property is therefore subject to taxation.

The Salt Lake Tribune says: It is reported that a number of capitalists are figuring for the old Salt Lake Hotel property, with a view of erecting a magnificent hotel, to cost \$250,000.

Baltimore and Ohio Railroad.

When a railroad company issues for gratuitous distribution so superb a publication as "Picturesque B. & O." the great publishing firms of the country will have to exert themselves lively to produce works which will be deemed worthy of sale. To take up and look over this latest offering of the Passenger Department of the Baltimore & Ohio, one cannot but be amazed that such a book has been made solely for the purpose of free distribution. The majority of illustrated works now selling in the stores for seventy-five cents to a dollar are no more to be compared with "Picturesque B. & O." than is silk to calico. For that matter, many pretentious presentation books which command big figures holiday time are a long way inferior to this exquisite publication, which is to be given away for the asking. As a matter of course, it is an advertisement of the Baltimore and Ohio road, but no one ever before saw such an advertisement, and there is so little of such character about it that the most fastidious of critics can find nothing to carp at. The book is written in a chatty, unassuming style, the author, Mr. J. G. Pangborn, having had many years' newspaper experience, and therefore understanding that the public ear is not, as a rule, attuned to the strictly classical in expression and construction. The illustrations are the great charm of the work, and they are introduced in perfect taste and with almost prodigious profusion. No publication in paper cover ever excelled if indeed equaled it, and when it is stated that Thomas Moran made upward of seventy of the drawings, the reader is prepared to believe the claim just made. Ordinarily the finest of periodicals contain from forty to fifty illustrations, and generally half of these are exchange cuts from European source, and to cultured patrons not strictly new. "Picturesque B. & O." contains from ninety to a hundred illustrations, every one of them absolutely new, and drawn and cut expressly for it. Of the artists engaged other than Moran were Davidson, W. Hamilton Gibson, Sol Eytinger, Sheppard, Ferris and Warren. The corps of engravers employed was well in keeping with the distinguished rank of the artists, embracing Rogert, Harley, Davis, Clement, Morse, Held, Filmer, Landersbach, Mayer, Karst, and others of like celebrity in wood-engraving circles. The taste displayed in the form and decoration of the pictures is something entirely out of the usual run, and in this respect, if in none other, the book will be a model for years to come. The printing is by Knight & Leonard, of Chicago, and those who have for years argued that fine book-work cannot be done west of the Hudson river will have to make an exception in this case. Although the cuts and letterpress have been worked in the same form, the one has not been sacrificed in the slightest to the other, and the book upon the whole made strikingly perfect. The American Bank Note Company, of New York, furnished the cover, and it is a matchless piece of color printing. The production of a solid old gold shade with the contrast of deep-browns and blue-black shows the most artistic handling, and the best printer in the country will ponder long over the question as to how the effects were reached. "Picturesque B. & O." will go into many a library and be long treasured there. A Journal reporter lately passed over the Baltimore and Ohio road from Chicago to Washington, and found it first-class in every respect; double track, all steel rails, elegant dining cars, and otherwise perfect in all of its appointments. We advise Pacific Coast people to go by this route in preference to any other east of Chicago.

Mining Dividends for the Quarter.

[S. F. Bulletin.]

The mining industry in some sections is not as prosperous as in former years. The great Comstock lode is under a cloud, and has been for some time. It is nearly two years since the last dividend was received from that section. Of course when such a prominent district drops out of the dividend list, it is but natural to feel that everything in the mining line is doing poorly. Of late years a good deal of mining capital has been absorbed at the East in the organization of mines in Utah, Arizona, Dakota and Colorado. This also has diverted attention from the profits of the business. It is no secret that California has lost the control of most of the active dividend mines of the day. There is still a large interest here in the Comstock mines, but it is not very attractive just now, and derives its only prominence from the assessment notices. The New York Mining Record has compiled a statement of the mining dividends for the quarter ending March 31st, the disbursement of which it apportions as follows:

At New York	\$1,991,375
At Boston	898,750
At San Francisco	686,250
At Philadelphia	150,000
At London	135,000
Elsewhere	205,512

Total \$4,069,887

The above dividends have come from 41 mines, and others probably have been unintentionally omitted.

It is reported again that Minister Lowell has been recalled and his successor selected.

THE OREGON TICKETS.

The Lakeview Herald makes the following comparison of the two tickets in Oregon, greatly to the advantage of the Republican:

The contrast between the two State tickets now in the field is striking, indeed, and worthy the attention of every voter interested. While the Democratic candidates are the material of a very active and well-organized ring which has been plundering the State treasury for years, those on the Republican ticket are men of estimable character, of a high grade of intelligence, of honesty and ability, and a majority of them of experience. Hon. Z. F. Moody, of the Dalles, Wasco county, for Governor, is a man who has served his section well and faithfully as speaker of the State Legislature, and is a citizen of unquestioned integrity and trustworthiness. No charge can be preferred against him as citizen or official. A liberal distribution of twenties will scarcely elect Jo. Smith, of the Gravel ring, over his opponent, Hon. M. C. George, of Portland, for a second term in Congress, is a nomination that could not have been bettered in the State. His work now at the national capital as Oregon's active representative is a sufficient guarantee of his energy and ability. W. D. Fenton, his opponent, although an estimable young man in many respects, has been caught in bad company and will have to share the fate of the remainder of his ticket. E. P. Earhart, of Marion, for Secretary of State, is, in the event of an unexpected turn in the tide of popular sentiment, the surest man on the ticket; however, we anticipate no such exigency as will effect the progress of the contest in any way to our disadvantage. Mr. Earhart has long served the State faithfully and efficiently in the office for which he has again been nominated, and J. K. Weatherford doesn't command sufficient force to displace him. W. P. Lord is the nominee for Supreme Judge; in the estimation of the people of the State, no one stands higher than he. W. H. Byars is the candidate for the State Printership, and, being a practical printer and a gentleman of honesty and energy, and a man who enjoys the fullest confidence of all who know him, he is just the individual in whose charge we desire to place the business of the office for which he is nominated. Altogether the ticket is composed of unimpeachable material, and there is no doubt about its strength.

SUGGESTIONS.

The Carson Appeal says:

An exciting State campaign is approaching, and we would like to see the old order of things, torchlight processions, noisy drunken political mobs, etc., done away with, and in their stead a series of lectures delivered by our political candidates. The economic idea cannot fail to penetrate the thickest and hardest Nevada skull. Our Democratic United States Senator, ever the supporter of literature in its highest aims, might tell us from the lecture platform what he knows about Stringers. One of our Democratic candidates for Governor, whose Ruskinian English is the admiration of all who are the fortunate possessors of unabridged Webster's, could make himself bewilderingly interesting in a lecture on a history of Four Kings. A Republican candidate for Secretary of State would draw immensely on the subject. What I know About Anti-Chinese Conventions. But why should we further excite the Nevada literary appetite at this time with the intellectual menu which Nevada's statesmen might furnish? We are merely suggestive, as indicated in the heading to this article, and we consider the suggestion worthy the attention of the Republican and Democratic State Central Committees of Nevada.

THE RICH MEN OF AMERICA.—We

condense from a New York paper the following list of America's rich men:

W. H. Vanderbilt, \$300,000,000; Jay Gould \$100,000,000; Mackay, \$50,000,000; Crocker, \$50,000,000; John Rockefeller, of the Standard Oil Company, \$40,000,000; C. P. Huntington, \$30,000,000; D. O. Mills, \$20,000,000 Senator Fair, \$30,000,000; ex-Governor Stanford, \$40,000,000; Russell Sage, \$15,000,000; J. R. Keene, \$15,000,000; S. J. Tilden, \$15,000,000; E. D. Morgan, \$10,000,000; Samuel Sloan, \$10,000,000; Commodore Garrison, \$10,000,000; Cyrus W. Field, \$10,000,000; Hugh J. Jewett, \$5,000,000; Sidney Dillon, \$5,000,000; David Dow, \$5,000,000; J. De Navarro, \$5,000,000; John W. Garrett, \$5,000,000; and W. W. Astor, \$5,000,000. Vanderbilt is, without question, the richest man on the globe to-day. He could buy any of the Rothschilds and still be the richest man in the world. And, unlike the richest men of England—the Dukes of Bedford, Westminster, Argyll and Buccleugh, who inherited their great estates—Vanderbilt's property was accumulated in two generations, and most of it within thirty years. Before the war there were very few men in the United States worth over \$5,000,000. Most of the men now worth \$10,000,000 and upward were considered poor and honest twenty-five years ago.

"Why did God forbid Adam and Eve to eat of the forbidden fruit?" asked an Austin Sunday school teacher of his class. "For fear they might fall out of the tree and hurt themselves," replied Jimmie Fuzzleton, who had his arm in a sling.

A COLD, CHILL OR SORE THROAT should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. BROWN'S BRONCHIAL TROCHES do not disperse the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few simple remedies of the age. Sold at 25c. a box everywhere.

A Minister Faints at a Wedding.

[Richmond (Va.) Whig, March 31.]

A singular spectacle took place in an adjoining county about ten days ago during a marriage ceremony. In the very midst of the service the preacher stopped short. His agitation had been noticed from the first. His voice, which had been shaky, now gave way entirely. He tried to speak, but could not; his face was deadly pale. He trembled visibly and finally swooned, and would have fallen to the floor but for the supporting arms of those around him. The marriage being of a strictly private character, there were but few who witnessed the remarkable scene. This took place at 6 o'clock. The ceremony was deferred until the minister recovered, which happened about 9 o'clock, when the anxious pair were united. The singular circumstance attending the marriage has been much talked of. There are not wanting some who trace a relation between this impressive scene and the fact that the bride was a former sweetheart (and fiancée, it is thought) of the minister who had been called upon to unite her to another man. The minister is still a bachelor.

Clay Webster Taylor, of Shasta, is prominent among Democrats as a candidate for Governor. Does the Democracy propose to win some old-time Whigs by invoking the shades of the great leaders of that party, Clay, Webster and Taylor, through the fortunate chance that blesses the Shasta attorney with such a happy cognomen?—Sacramento Record-Union.

W. WEBSTER, Attorney for Plaintiff.

Reno, May 6, 1892-2d.

BOARD OF COUNTY COMMISSIONERS, Washoe County, Nevada, May 1st, 1892.

Present—Joseph Frey, Chairman; D. H. Lodge, R. H. Kinney; Geo. A. Rankin, District Attorney; E. S. Osburn, Clerk.

It appearing to the Board that the order heretofore published in the Plaineader, on the 19th day of February, concerning the apportionment of the tax for the construction of a sidewalk along the north side of block Q, in the town of Reno, contained a misdescription of the block, the same being described as block O. It is ordered that the said order be published in the DAILY NEVADA STATE JOURNAL, for two consecutive weeks, to-wit:

ORDER.—It appearing to the Board of County Commissioners that heretofore, to-wit: on the 3d day of October, 1891, a petition of the majority of the frontage property owners along the north side of block Q, in the town of Reno, praying an order of this Board for the construction of a plank sidewalk along the north side of the same block, was filed with the Board, after due consideration and notice thereof, published in the Plaineader, a newspaper published in said town of Reno, for the period of two consecutive weeks, and it further appearing that said sidewalk was constructed as per the order of this Board by all the frontage property along said block, except seventy-five feet, to-wit: fifty feet along the front of lots 16 and 17, owned by I. B. Marshall, and twenty-five feet along the front of lot 14, belonging to the Western Union Telegraph Company, in said block, and the Board thereupon advertised for bids for the construction of said seventy-five feet of sidewalk and it appearing that the bid of Joseph Oblett, in the sum of seventy-five dollars, was the lowest and best bid, and the same being accepted, and it further appearing that said sidewalk has been constructed by said Joseph Oblett along the front of lots 14, 16 and 17, and that the costs thereof is \$75.00.

Now therefore, it is ordered that the cost of the construction of said sidewalk be apportioned among the frontage owners of said lots as follows: To the said I. B. Marshall, owning lots 16 and 17, 50 feet, \$50; to the said Western Union Telegraph Company, owning lot 14, 25 feet, \$25.

Pechnner's barber shop has had its Spring overhauling, and is now one of the prettiest tonsorial apartments on the Coast. The woodwork has all been painted white, and handsome paper put on the walls.

Charlie McCormick, one of the early settlers in Reno, but of late years machinist of the V. & T. R. R., was in town yesterday, en route to new fields, his services having been dispensed with in Virginia.

Potatoes are now being shipped from Winnemucca to points on the Southern Pacific Railroad in California. As the freight is from \$150 to \$175 per car load, there is not much profit in the business for the shipper.

Peter West, on trial at Winnemucca for embezzlement, was acquitted at 11 o'clock yesterday forenoon. Mr. Varian is in receipt of a telegram apprising him of the above fact, he having left Winnemucca while the jury was out.

E. N. Harris, late in the employ of the Virginia and Truckee Railroad Company as machinist, left for Yale, British Columbia, last Wednesday evening, where he will accept the position of General Master Mechanic of the Canada Pacific Railroad.

A good story is told of the Rev. Mr. Ricker who died last week in Anaheim. Mr. Ricker was one of the first ministers furnished Truckee by the Methodist Conference, and as in all new camps where but few take an interest in church matters, the situation was a most trying one. The Truckee Republican says "but Mr. Ricker was just the man for the place. He had his full share of physical energy, and courage, and was ready at all times to preach or pray, or resent an affront if given him—just the sort of a man to make himself respected in a rough community. Mr. Ricker had charge of the erection of the M. E. Church building in Truckee, and attended to all the financial matters so far as he had the means so to do. It so happened on one occasion that the church funds were short when the workmen wanted their pay. One of the carpenters, a stalwart, rough, six-footed Missourian, rudely demanded the amount of his wages and told the Rev. Mr. Ricker if he did not hand out the coin instantly he would take satisfaction out of the Rev. gentleman's hide, and began to make the preliminary beligerent preparations. Ricker did not hesitate a moment to decide as to his course of action. He stripped on his coat, remarking: 'That will be the easiest and cheapest way for me to settle the debt this church owes you. I wish I could pay off all of its debts in the same way—then I should be a happy man. Now, sir, you can have all the satisfaction you want,' and he squared himself to receive the onslaught of the workman. But the latter, who knew something of the physical mettle of the Methodist parson, who meant business, quietly subsided, and never made any other threats about his pay."

The Chronicle says on Thursday evening Union bullion, valued at \$42,252 32, was shipped from Virginia City to San Francisco, making a total of \$94,052 54 for the month of April. This is more than \$20,000 above the highest estimate made by the managers of the mine. The reason for this excess above the estimated product of the mine was that the ore worked during the latter part of the month was of higher grade than that of the first part of the month.

Yesterday in conversation with a Chronicle reporter ex-Congressman Daggett expressed the opinion that President Arthur will sign the new Chinese bill. He thinks the strong agitation that has taken place all over the United States will have an effect upon the President and the Cabinet.The League of Deliverance.
An address has been prepared by the Executive Committee of the League of Deliverance and published. It is addressed to the public at large, and urges all to discontinue employing and patronizing the Chinese and to come and join the League.Justice Court.
Justice Young yesterday sentenced the Chinaman who assaulted Deputy Assessor Stoddard, to 30 days in jail.

An Indian was also sent up for 20 days for stealing some clothing from Mrs. Hewlett's house.

Mr. Wm. McPherson was up from Wadsworth. He says Wadsworth will soon bloom like the rose, as they now have plenty of water for gardening purposes. The Spring moving and cleaning fever also prevails. No one knows whether the present railroad shops will be repaired, or whether the Co. will build new shops over on Herman's Flat.

On the Union 2600 level the northeast drift is out about 65 feet, and the face is in favorably-looking ground, consisting of vein matter, quartz and clay. It will take ten days or two weeks for this drift to get under the ore body now being stoped out on the 2500 level. The work is being pushed as rapidly as possible.

The Republican says a Truckeeite was the holder of a coupon in the Royal Havana Lottery which at the drawing which took place on the 19th of April, drew 1,000 pesos, which equals \$500 in United States money. There were forty coupons to the ticket, which reduces the lucky individual's dividend to \$12 50.

YOUNG MEN
WHO may be suffering from the effects of
youthful follies or indiscretions, will do
well to avail themselves of this, the greatest
boon ever laid at the altar of suffering human-
ity. Dr. Spinney will guarantee to forfeit
\$500 for every case of Gonorrhea or ven-
ereal disease of any kind or character which he
undertakes and fails to cure.
MIDDLE-AGED MEN.
There are many at the age of thirty to sixty,
who are troubled with too frequent evacuations
of the bladder, often accompanied by a slight
smarting or burning sensation, and a weaken-
ing of the system in a manner the patient can-
not account for. On examining the urinary
deposits aropy sediment will often be found,
and sometimes small particles of albumen will
appear, the color will be a thin milky hue,
again changing to a dark and torpid appear-
ance. There are many men who die of this
difficulty, ignorant of the cause, which is the
second stage of venereal weakness. Dr. S. will
guarantee a perfect cure in all such cases, and
a healthy restoration to the genito-urinary or-
gans.
Office hours—10 to 4 and 5 to 8. Sundays
from 10 to 11 A. M. Consultation free. Thorough
examination and advice, \$5.
